Models & Manufacturers

Technology

Noise Levels

CAREFULLY COMPARE

2

NEW AIRCRAFT

- Less maintenance
- higher fuel efficiency
- latest innovation and technologies

PRE-OWNED AIRCRAFT

- More maintenance
- Less fuel efficiency
- Older equipment/higher flight hours

KEY CONSIDERATIONS

3

Maximum Budget

Luggage Requirements

Aircraft Size

Travel Frequency

Max No. of passengers

Distance

TRY BEFORE YOU FLY

4

Unsure which aircraft is right for you, arrange a demo flight to gain direct access and personally experience an aircraft before committing to purchase.

ENGAGE EXPERTS

5

Aviation Market Experience

Price Negotiation

Access to aircraft worldwide

Structuring Ownership

Aircraft Registration

Closing the deal

CHOOSE WISELY

6

Reputable Register

Politically stable Jurisdiction

High Regulatory standards

Secure Mortgage Register

Competitive Fees

EFFECTIVE EMPLOYMENT

7

Employing the right crew is key for any owner to ensure you have the highest quality, safe, proficient and current crew. Ensure they have the relevant EXPERIENCE, QUALIFICATIONS and TRAINING RECORDS. Also check their MEDICAL HISTORY and factor in CULTURAL ASPECTS for potential language barriers.

8

DON'T let your emotions fog your decision-making
Keep your feet firmly on the ground!

9

DON'T value aesthetics over functionality
It's not all about the way it looks!

10

DON'T wing it
Understand the diverse requirements associated with the ownership, registration and operation of the aircraft!
